

## ExpressVacuum®

### Industrial-Strength Vacuum Delivers Performance and Profits

In addition to developing an amazing array of technology solutions for the car wash industry, ICS offers an industrial-strength car wash vacuum designed to please your customers, and improve your bottom line.

- 
- Powerful performance coupled with integrated silencer provides a superior customer experience
  - Industrial design and stainless steel construction provides long life
  - Lower initial cost and cost of operation compared to central vacuum systems
  - Simple, push-to-start operation
  - Easy to service and maintain
  - Customizable decals support your branding and promotions strategies

# ExpressVacuum®

## Features & Benefits

### Turbine

- Single, large, 4.5hp turbine
- Industrial design delivers consistent, powerful performance
- Adjustable suction
- Silencer provides quiet operation

### Separator and Canister

- Centrifugal airflow provides better dirt separation
- Keeps filter cleaner longer
- High capacity, 25 gallon dirt collector
- Easy to service roll out design

### Shaker and Filter

- External shaker keeps dirt and dust inside the unit
- Single, heavy duty, large capacity, star shaped filter
- Doesn't restrict air flow

### Labor Savings

- Save time – service quicker and less frequently
- Simple – drop dirt collector, tie bag and remove
- Easy – no heavy lifting or shoveling
- Clean – no dirt plumes, no cleanup

In addition, when compared to a central vac system the ExpressVacuum offers a number of benefits, including:

- Lower utility usage
- Lower utility costs
- Lower environmental impact
- Eliminates single point of failure

## Requirements & Specifications

- Height: 73 3/4 in
- Width: 34 in
- Depth: 28 in
- Weight about 400lbs
- Electrical Specifications:
  - 3 Phase, 460 V AC - 480 V AC, 5.5 AMPS
  - 3 Phase, 208 V AC - 230 V AC, 11.2 AMPS

## Power Savings
