Certifications: UL Listed, IP66 rated for car wash environments

TSS 288SC 40 Ft. Extension Cord for 288 Watt LED Lights

LED Car Wash Light

Add some fun color to your car wash with the TSS 210 LED light! This light is 7 feet long and strong enough to fill your car wash tunnel and give the appearance of colored suds and foam. The 210 watt (1.5 watt per LED) light is IP66 rated for car wash environments and UL Listed, but it should not be exposed to direct spray.

Each light is made of anodized aluminum with a tempered glass front, silicon seal gasket, and heavy duty swivel mounting brackets. Plus, it includes a 40 foot extension cord and an aluminum-enclosed back room power supply and LED controller!

Dimensions: 82.5" L x 6" W x 5" H
