

**Quincy QT Splash Lubricated Duplex Air Compressor — 7.5 HP, 460 Volt, 3 Phase, 120 Gallon Horizontal, Model# 273DC12DC46**

- 7.5 HP motor
- 460 (240)V, 3 Phase
- 120-gallon tank
- QT splash-lubricated pump
- Provides up to 175 PSI and delivers 45.2 CFM when both pump/motor systems are operating

**Product Summary**

The Quincy QT Splash Lubricated Duplex Air Compressor is a heavy-duty industrial 2-stage duplex air compressor system that protects your business from expensive downtime! The duplex compressor includes two QT splash-lubricated compressors and two motors mounted on an ASME horizontal tank. Each system can be run independently or together, should your air demand require it. Works in applications from intermittent-duty to 100% duty requirements. 1-year limited warranty without extended warranty kit purchase. Purchase two extended warranty kits (Item# 42637, one for each compressor) at the same time (on the same receipt) as your Quincy 120-gallon duplex air compressor and register online within 10 days of receipt, and it will double the package warranty to 2 years and triple the pump warranty to 3 years (parts and labor). U.S.A.

Quincy COMPRESSOR				Unit Description:		
Part Number:		2020013907		QT 7.5 Horizontal		
Tank Capacity:		120	GAL	Motor BHP:		7.8
Maximum Pressure (PSIG):		175	PSIG	Volts AC:		460
CFM:		22.6 (x2) @	175	Phase:		3
Model:		Duplex   Control Panel		Hertz:		60
				Amps (NEC):		11
Manufactured Date:		7/27/2019				

- 7.5 HP motor
- 460 (240)V, 3 Phase
- 120-gallon tank
- QT splash-lubricated pump
- Provides up to 175 PSI and delivers 45.2 CFM when both pump/motor systems are operating
- 50,000-hour pump life
- Solid-state circuitry control panel with two I.E.C.-rated magnetic starters and auxiliary contacts
- Thermal overload protection
- One 120 VAC control transformer
- Automatic alternation with lead/lag
- Green LED Power On indicators
- Compressor Run indicators
- Test/off/run rocker switches
- Lead select/auto switch
- Hour meters
- Red LED motor fault indicators
- Fault/shutdown alarm contacts for start/stop operation
- Single point incoming power connection
- Comes with oil in the compressor pumps, ready for hookup

#### Key Specs

Item#	325043
Brand	<a href="#">Quincy Compressor</a>
Manufacturer's Warranty	12 months parts / 12 months labor
Ship Weight	1078.0 lbs
CFM at 175 PSI	45.2
Horsepower	7 1/2 (each)
Volts	460
Motor Phase(s)	3
CFM at 90 PSI	10-30
Max. PSI	175
Tank Type	Horizontal
Air Tank Size (gal.)	120
Stage	2
Drive	Belt
Pump	Cast iron
Duty Cycle	100%
Pump Life (hrs.)	50,000+
Dimensions L x W x H (in.)	78 x 28 x 55
